

EXPERTS IN
PRECISION CUTTING

**KELPE
TECH**

CNC Oxyfuel/Plasma Cutting Facilities

No. of Machines	6 nos.
Total Bed Area	24m x 3m
Maximum Plate Size	18m x 3m
Oxyfuel Cutting Capacity	200mm – Mild Steel
Plasma Cutting Capacity	25mm (MS), 20mm (SS)

CNC Waterjet Cutting Facilities

No. of Machines	6 nos.
Total Bed Area	18m x 3m
Maximum Plate Size	12m x 3m
Cutting Capacity	150mm (SS)

CNC Pipe Profile Cutting Facilities

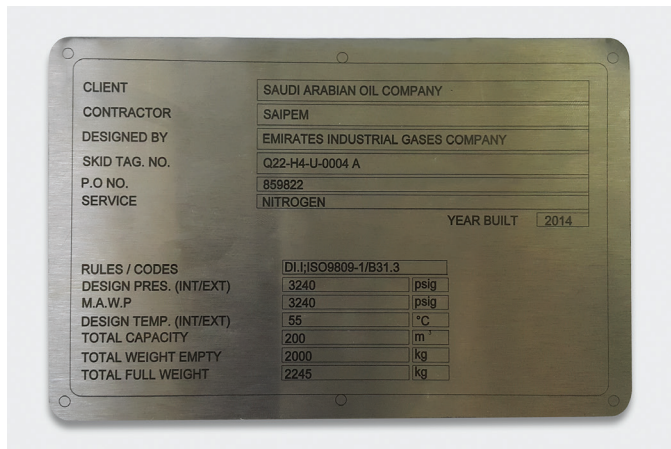

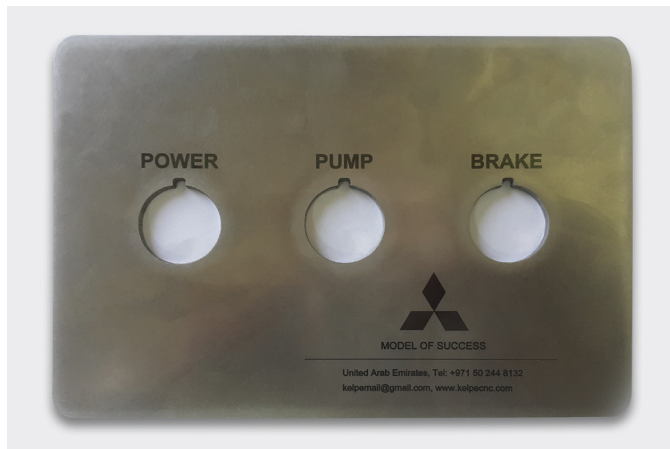

No. of Machines	2 nos.
Maximum Pipe Diameter	600mm
Maximum Pipe Length	12m
Max Wall Thickness	50mm
Cutting Head Options	Waterjet, Plasma or Oxyfuel

CNC Laser Cutting Facilities

No. of Machines	4 nos.
Total Bed Area	12 sqm
Maximum Plate Size	2.44m x 1.22mm
Cutting Capacity	8mm (MS), 4mm (SS), 25mm (Acrylic)

CNC Marking Facilities

No. of Machines	4 nos.
Maximum Marking Area	2m x 1m
Base Materials	SS, Brass, MS, Wood, Plastics, Aluminum
Marking Type	Black/Colour

About Kelpe

Established in UAE in the year 2007, KELPE TECHNICAL FZC is part of Kelachandra Engineering, India which is continuing a tradition of manufacturing innovative engineering machinery and products since 1912 through five generations of engineers.

KelpeTech, UAE is now well established as one of the region's leading manufacturers of CNC Machinery with a focus on CNC Profile Cutting – CNC Waterjet Cutting, CNC Plasma and Oxyfuel Cutting, CNC Pipe Profile Cutting, CNC Laser Cutting and CNC Marking Systems to name a few.

KelpeTech also provides comprehensive CNC profile cutting facilities for those customers not interested in operating a machine of their own. With over 20 CNC machines and heavy duty handling equipment in our facility at Hamriyah Free Zone, Sharjah we are able to provide high quality cutting along with timely delivery of profile cut parts. We provide our own transport options for pickup of plates as well as delivery of parts and if required by the customer we also provide cut parts inclusive of material purchase. The wide range of materials that we process regularly include Mild Steel, Carbon and Alloy Steel, Stainless Steel, HARDOX, TOOLOX, Aluminium, Inconel, Rubber, Plastics, ABS, Nylon, Teflon, Glass, Marble, Granite and Composite Sandwich Materials among others.

We at KelpeTech believe in continuous improvement, faster processing, cleaner finishing methods and high standards of quality, which makes us leaders in our field. We will strive to ensure that your specific requirements are met through customs machinery if required and we will also assist in the design process and ensure that there is on-time delivery of your order with no compromise in the high standards that we have set. We look forward to the prestigious opportunity of providing solutions for your specific cutting requirements.

Kelpe Technical FZC, Warehouse No. 1J-04/3A, P.O. Box 49316, Hamriyah Free Zone, Sharjah, UAE
